Thank you to [Makelt Labs](#) for making and donating face shields to help keep our staff safe.

#Volunteers from Portland to Nashua to Shrewsbury are 3D printing the frame. The frame was designed by Budmen Industries, a little mom and pop in Syracuse. Makelt Labs worked with donors who provided huge 1000 lb rolls of PET plastic, the kind of plastic that is normally formed into 2-liter soda bottles. [See More](#)
